

# Pets & People

Boundless is a nonprofit organization that for over 40 years has been helping people of all ages with intellectual and developmental disabilities become active participants in the communities where they live, work and play. Pets & People is one of our vocational programs giving adults the opportunity to get hands-on work experience while learning valuable job skills.

Different from other dog treats you find in the market, our treats are all handmade with care in the Dayton, Ohio area by people with developmental and physical disabilities.

From mixing the dough, to individually cutting, to baking and packaging, each biscuit is made with care. Our team takes great pride in knowing the treats they make, keep tails wagging for more.

Your purchase will have a great impact in not only making a furry friend happy but allowing a person with disabilities to earn a fair wage, which gives them the opportunity to live a boundless life.
